Enrollment Deadline: November 23, 2015

Program will run until May 31, 2016
Eligible: GatorCare® members and spouses/dependents, over 18 years of age, diagnosed with diabetes

What’s in it for you?
- Learn how to slow the progression of diabetes through proper nutrition, exercise and medication management
- Develop healthy behaviors to prevent potential complications
- Work with your medical providers to understand and manage your condition
- Receive a $250 reward upon completion of the program

Additional information will be available at the time of enrollment.

You may incur medical costs through your health insurance plan by participating in this program.
